

# BandWorks

## Customizable Armband / Wristband System

*DataWorks Plus' BandWorks system is a cost-effective solution that allows you to create customizable armbands that are durable in even the harshest environments.*

### Heavy-Duty

- Made of nearly unbreakable vinyl
- Impervious to tampering, nearly impossible to remove without scissors
- Tensile strength between 8,000-10,000 psi
- Water and fade-resistant

### Secure

- Impossible to slip out of when applied correctly
- Virtually tamper-proof, making it nearly impossible for the wearer to switch with another individual
- Designed with safety in mind

### Customizable

- Designed to meet an agency's needs
- Bands may contain photos, bar codes, RFID labels, or personal information about the wearer
- Violent criminals may be color-coded for added security and easier monitoring

### Low Replacement Cost

- Typically lasts 2 years before replacement is needed
- Very low, ongoing cost for replacement materials due to the durability
- A cost-effective, tamper-resistant solution

***No more flimsy wristbands...  
Finally a wristband that was made to last***

**DataWorks Plus**

A Leader in Law Enforcement and  
Criminal Justice Technology

## BandWorks System Components

| Component                               | Description  | Specifications   |
|---|--|--|
| <b>Armbands</b>                         | 1000 DDSP armbands with double-sided protective sleeve, tensile strength of 8,000-10,000 psi                         | 1" x 10" or 1" x 12"                                   |
| <b>Washers</b>                          | Stainless steel flat washers   | .562" x .203" x .034"                                  |
| <b>Rivets</b>                           | Flat aluminum semi-tubular rivets  | $\frac{3}{16}$ " x $\frac{1}{4}$ " x $\frac{9}{16}$ "  |
| <b>Riveting Tool</b>                    | Heavy-duty pliers-like rivet tool made of die-cast stainless steel   | 8" x 1" x 4"   |
| <b>Armband Photo Die Cutter</b>         | Pull-down stainless steel handle, body composed of aluminum, iron and stainless steel; internal gears operate cutter | 7 $\frac{1}{2}$ " x 6" x 11"<br>14lbs.                 |
| <b>Trim, Die and Hole-Punch Machine</b> | Pull-down stainless steel handle, composed of aluminum, iron and stainless steel; internal gears operate the cutter  | 12" x 8" x 15"<br>14 lbs.                              |
| <b>Laminator Machine</b>                | Vinyl clad steel cover with molded plastic side covers, 5 rpm standard motor with molded silicone rubber rollers     | 8 $\frac{3}{4}$ " x 12" x 4 $\frac{3}{4}$ "<br>10 lbs. |
