

EVOLUTION

We're Transforming Mobile Identification

Portable. Reliable. Secure. Our Evolution series of mobile biometric devices puts justice in the palm of your hand. These multimodal devices offer FAP-30 to FAP-60 certified LES (Light Emitting Sensors) for fingerprint capture. In addition, facial recognition and dual iris capture modules are available. Evolution comes in multiple mobile form factors that allow you to get the job done from anywhere.

EVOLUTION 3 | A SERIES

SMARTPHONES

TABLETS

TETHERS

Multimodal Capture

Easily and securely collect biometrics (fingerprints, photos, and/or irises) and search local, statewide, and/or FBI databases from the field.

Form Factor Flexibility

From all-in-one smartphones and tablets to our line of tethered scanners, Evolution offers multiple device options for any situation.

Fast Hit / No Hit Response

Responses are returned within minutes. You will see associated records including NCIC, state arrest history, mugshots (when on file), wants/warrants, etc.

FBI CJIS Security Compliance

Mobile Device Management software provides two factor authentication and customizable shells to ensure compliance with the FBI CJIS security policy.

Evolution Smartphones

Fast, mobile, smartphone-based biometric identity devices to capture fingerprints or irises (optional) for identification or photos for facial recognition investigative leads.

- Available with Galaxy Phone
- Single Fingerprint, Facial, Iris (optional)
- Wireless Communication (cellular, Wi-Fi, Bluetooth, and GPS capable)
- FBI FAP-30 Certified & CJIS Security Compliance

Evolution Tablets

Tablet-based portable devices with integrated tenprint scanner to capture rolled and flat fingerprints, along with facial images, irises (optional), and descriptor data.

- FAP 50 or FAP 60
- Tenprints, Rolls, Photos, Palms (FAP 60) & Irises (optional)
- Wireless Communication (cellular, Wi-Fi, Bluetooth, and GPS capable)
- FBI FAP-50 or FAP 60 Certified & CJIS Security Compliance
- Industrial grade polycarbonate/rubber case

Evolution Tethers

Line of portable integrated scanners that tether (wireless/wired) to phones, tablets, or laptops

- Versatile Selection of Industry-leading Rapid ID devices
- Optional Iris Scanner
